Mr O. K. Williamson, County Engineer.

Wyandotte County, Kansas.

Dear Sir :-

In the matter of drainage ditch between Bridges 11.38 and 13.09, adjacent to the Union Pacific right of way and partly on the right of way;

We are authorized to make the following proposal based on ditch being constructed in accordance with Union Pacific drawing K. D. 8109 dated January 22, 1927 a copy of which is attached;

Union Pacific will agree to contribute \$3500.00 toward the cost of this drainage. They will also agree to assume the maintenance of that portion of the ditch located on the railroad right-of-way; the county to sign a lease for the portion of the ditch located on the right of way; the county to assume all responsibility of construction and any damages occurring therefrom.

If this is satisfactory to the county, please advise so that contracts and lease may be prepared.

Yours truly,
UNION PACIFIC RAILROAD COMPANY

RESOLUTION.

To condemn land in reference to the widening, Straightening, altering and re-locating of the Randall Road and acquiring additional right of way.

Pursuant to adjournment taken upon Monday, March 7th, 1927, the Board of Commissioners met for the transaction of business.

Present, Dave Espenlaub, Chairman, Samuel Clarke and Peter H. Kramer Commissioners and William Beggs County Clerk.

In the matter of the improvement of the Randall Road, the County Engineer reports that all efforts necessary to obtain the necessary additional land for altering the Road by donation or purchase have failed and that it is not possible to obtain said land and additional right of way either by donation or purchase and that said land will have to be acquired by condemnation.

And that the landowners who own property along said Randall Road affected by changes in said road as shown on the plans and specifications on file in the office of the County Clerk;

Present; to-wit: R.R. BREEDLOKE, KATE BLANZ, WILLIAM HILLMORE WILLIAM HILLMORE AND ALL HEIRS TO WILKERSON HILLMORES ESTATE.

The board endeavored ~~endeavored~~ to negotiate with them for the donation or purchase of the necessary additional land for altering said road, but the owners refused to sell or donate said land to the County for the purpose stated. On motion duly made, seconded and unanimously carried it was ordered that the board of County Commissioners exercise the right of eminent domain for the purpose of acquiring the necessary land to widen alter and Straighten the Randall Road between the terminal points mentioned in the petition for the improvement thereof.

And, thereupon the following resolution was offered by Samuel Clarke Commissioners and on motion duly made seconded and unanimously carried all Commissioners voting aye, was adopted.

RESOLUTION.

in reference to the widening altering, straightening and re-locating of the Randall Road and acquiring additional right of way.

WHEREAS, a petition was filed in the County Clerks Office praying for the improvement of the Randall Road in Wyandotte County Kansas, between the terminal points therein mentioned by grading draining paving the same; and

WHEREAS, said petition has been duly and regularly granted in the manner provided by law and said improvement declared and found to be of public utility and ordered made by grading draining and paving said road between the terminal points and the County Engineer was designated and appointed to take charge of said work and to make an accurate survey of said road and the benefit district and to make a map thereof with a profile of said road and plans and specifications and estimates of the cost thereof and after having same approved by State Highway Commission to file same with the County Clerk and

WHEREAS, said map, profile, plans and specifications have been accordingly made and approved and filed with and approved by the Board from which this board finds that the Randall Road has been legally established as a public road between the terminal points mentioned in said petition but additional right of way is necessary for the construction of the type of road mentioned in the petition and unsurmountable obstacles in the route of said road as heretofore laid out and described in said petition are encountered and it is necessary to re-locate a portion of said road in order to make the improvements prayed for in said petition; and

WHEREAS the Board of County Commissioners has endeavored to acquire the necessary land by donation and purchase but the owners have refused to sell or donate same and it therefore is necessary to acquire same by condemnation.

NOW THEREFORE BE IT RESOLVED AND ORDERED:

1. That it is necessary for the type of road mentioned in the petition filed in this matter for the improvement of the Randall Road and for the purpose of overcoming unmountable obstacles on the road described in said petition, to widen, alter, straighten and relocate some portion of said road and to acquire additional land and right of way for the purpose.

2. That this road shall be widened, straightened altered and relocated as shown by the map plans profile and specification therefor as approved by the State highway Engineer and filed with the County Clerk.

3. That it is hereby determined by the Board of County Commissioners that the nature of the changes required to be made are as follows;

Said road shall be widened altered and the route course width and boundaries thereof changed, varied and altered so as to comply with and conform to the map, profile, plans and specifications prepared therefor by the County Engineer, approved by the State Highway Engineer and filed with the County Clerk.

4. It is hereby determined by the Board of County Commissioners that the approximate amount of land to be taken for such purpose are as follows;

Commencing at the S. E. Corner of Sec 34-10-24; thence North to N.E. corner of S. $\frac{1}{2}$ of the S.E. $\frac{1}{4}$ of the S. E. $\frac{1}{4}$ of Sec 34-10-24 thence west 30 ft; thence south to a point 400 ft north and 30 ft west of the S.E. corner of said Sec 34-10-24; thence S,W to a point 260 ft north and 175 ft west of said S.E. Corner of Sec 34-10-24; thence S.W. to a point 300 ft west of the S.E. Corner of Sec 34-10-24, and containing 2.5 acres more or less exclusive of portions heretofore used for highway purposes, Also, commencing at the S.E. corner of the North $\frac{1}{2}$ of the S.E. $\frac{1}{4}$ of the S.E. $\frac{1}{4}$ of the N.E. $\frac{1}{4}$ of Sec 34-10-24 thence west 35 ft thence north 255 feet thence on a curve to the left of a radius of 681 ft, thence on a tangent to the last described curve and to the north line of the North $\frac{1}{2}$ of S.E. $\frac{1}{4}$ of S.E. $\frac{1}{4}$ of N.E. $\frac{1}{4}$ of Sec 34-10-24, thence east 145 ft; thence south to beginning and containing $\frac{1}{2}$ acre more or less. Exclusive of portions heretofore used for Highway purposes. All the above to conform to plans for the improvement of the Randall Road.

5. And it is hereby determined by the Board of County Commissioners that Samuel Clarke, @ Dave Espenlaub, and Peter H, Kramer shall act as viewers to view said road and the land to be taken and to appraise the value of the land and to assess damages thereto by reason of the taking thereof and that said viewers shall meet for the purpose aforesaid on the 28th day of March 1927 and will view all lands required to be taken and the relocation layingout and the altering of said highway and if said work shall not be completed on said day they will adjourn from day to day without further notice until their labors in said behalf are fully completed.

6. That this resolution shall be published in the Official County paper in one edition thereof not less than fifteen days nor more than twenty five days before said view and that a similar notice be served on each of the owners of the land affected by the changes by the Sheriff of Wyandotte County Kansas at least ten days before such view the notice to be served upon said land owners may be a copy of this resolution and said landowners shall take notice of the provisions of this order and resolution of the time and place said commissioners shall begin to view said lands and all persons will be given a hearing

7. The County Engineer is hereby directed to meet with said Board at said time and place for such view.

8. All persons claiming or to claim damages by reason of the action and proceedings taken by Board of County commissioners are hereby notified to file their applications in writing with the County Clerk of Wyandotte County Kansas, on or before the 1st day of the next regular session of the Board of County Commissioners which meet on Monday and Thursday of each week at 2 p.m. following the report of their findings upon such view and at such regular session of such board the Board will finally determine upon the amount to be paid as damages to any owner or owners of any land.

9. The County Clerk will spread this order and resolution upon the Journal.

There being no further business the Board adjourned.

RESOLUTION AUTHORIZING THE ISSUE OF WYANDOTTE COUNTY SPECIAL IMPROVEMENT BONDS FOR THE PURPOSE OF PAYING THE COST OF THE PERMANENT IMPROVEMENT OF THE L. W. SMITH ROAD IN WYANDOTTE COUNTY INCLUDING THE PAYMENT OF ALL PRINCIPAL AND INTEREST ON TEMPORARY NOTES HERETOFORE ISSUED IN CONNECTION WITH THE IMPROVEMENT OF THE SMITH ROAD.

BE IT KNOWN that the Board of County Commissioners of Wyandotte County Kansas met in regular session at the court house this 18th day of April 1927; Present Dave Espeblaub, Chairman, Samuel Clarke, and Peter H. Kramer Commissioners a full membership of the Board and William Beggs County Clerk.

The following resolution was offered in relation to the issuance of bonds for the payment of all costs and expenses including the principal and interest due on temporary notes issued in connection with the permanent improvement of the L. M. Smith Road in Wyandotte County, and on motion of Clarke, seconded by Kramer, was adopted and spread at length on the journal.

WHEREAS, there was filed with the Board of County commissioners of Wyandotte County Kansas on the 20th day of ~~###~~ April 11 1925, a petition for the permanent improvement of the Smith Road in Wyandotte County the terminal and other fixed points being particularly described in said petition and as well there was designated therein the lands within the proposed benefit district the type of permanent improvement and the width of roadway desired, and the number of annual assessments to be levied upon the lands in said benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission; and

WHEREAS, The board of County Commissioners of Wyandotte County Kansas thereafter and on the 4th day of May 1925 at a regular meeting of the Board duly constituted and held did find that the improvement prayed for was one of public utility and that said petition was signed by ~~###~~ 51% of the landowners owning at least 35% of the land within the designated benefit district and that said petition properly designated the road to be improved both by name and terminal points and by other specifically fixed locations and that the petition definitely designated the lands within the proposed benefit district the type of permanent improvement, the width of the road way, but the number of annual assessments to be levied upon said lands was left to the discretion of the Board of County Commissioners hereafter to be exercised subject to the approval of the State Highway Commission and that petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas and WHEREAS, at said meeting ~~##~~ the Board of County Commissioners fixed the 8th day of June at 2 p.m. as the time when said Board should meet and consider said petition at the office of the Board in the Court house at Kansas City, Kansas and ordered that a notice of said meeting be given to said petitioners and all other interested persons by publishing said resolution in the official county paper at least ten days prior to date of said meeting and that each of the signers of said petition and every person owning land within the benefit district be further notified of said meeting by a notice sent by United States Mail all of which was accordingly done as in said resolution directed.

WHEREAS thereafter and on the 8th day of June at 2 p.m. the Board of County Commissioners met as in said notice specified at their office in the Court House in Wyandotte County Kansas for the purpose of hearing protests or objections concerning said improvement and there being no objections offered it was by said Board ordered and determined that said improvements be made as in said petition prayed and that said petition be granted and approved and the improvements therein made in accordance with the specifications and plans to be prepared by the County Engineer, said petition being found to be in due form of law and containing the signatures of 51% of the landowners owning 35% of the land within the benefit district; and

whereas the Board of County Commissioners have caused an accurate survey to be made of the benefit district and plans and specifications for the improvement of said road together with a profile map plans specifications and estimates have been duly approved by the State Highway Engineer and filed in the Office of the County Clerk.

WHEREAS, the estimate of the cost of said improvement shows the total cost to be approximately \$34,580.64.

WHEREAS, thereafter and on or about the 26th day of October 1925 there was duly let to Rouiebush and Roberts Bros a contract for the improvement of the Smith Road according to the plans and specifications, at the contract price of \$30,339.02 without curb and

WHEREAS for the purpose of paying for said improvements no State or Federal Aid having been allotted or promised and temporary notes of Wyandotte County have been issued under provisions of R. S. 10-123, in order to provide necessary funds to pay partial and final estimates and other expenses of making said improvements under and in pursuance of a resolution passed by the Board of County Commissioners on the 17th day of June 1926, said notes and interest thereon computed from date of issue until March 15th 1927 (which date is now fixed as the time said notes are to be paid) aggregates the total of \$34,852.01 as shown by the following schedule;

BOND RESOLUTION BONNER-PIPER ROAD.

BE IT KNOWN, that the Board of County Commissioners of Wyandotte County, Kansas, met in regular session at the Court house this 9th day of May 1927, Present: Dave Espenlaub, Chairman, Samuel Clarke and Peter H. Kramer, Commissioners and William Beggs County Clerk.

The following resolution was offered in relation to the issuance of bonds to pay the balance of the cost on the permanent improvement of the Bonner-Piper Road, and on motion of Clarke, seconded by Kramer, and carried by the unanimous vote of the Board all commissioners voting aye, was adopted and spread at length on the Journal.

WHEREAS_ there was filed with the Board of County Commissioners of Wyandotte County Kansas, on the 10th day of July 1923, a petition for the permanent improvement of the certain public road in Wyandotte County, known as the State Road, J.G. Pratt and A. B. Haven Road, commonly known as the Bonner-Piper Road, the terminal points and other specifically fixed locations being particularly described in said petition. As well there was designated therein the lands within the proposed benefit district, the type of permanent improvement and the width of the roadway desired, and the number of annual assessments to be levied upon said lands in the benefit district to pay for said improvements being left to the discretion of the Board of County Commissioners hereafter to be exercised, subject to the approval of the State Highway Commission.

WHEREAS_ the Board of County Commissioners of Wyandotte County Kansas, thereafter and on the 4th day of February, 1924, at a regular meeting of the Board duly constituted and held did find that the improvement prayed for in said petition was one of public utility and that the petition was signed by 51% of the landowners owning 35% of the land in the benefit district defined by said petition, and that the petition properly designated the road to be improved, both by name and terminal points and by other specifically

fixed locations and definitely fixed and designated the benefit district, leaving the number of annual assessments to be levied upon the lands to the discretion of the Board of Commissioners subject to the approval of the State Highway Commission, and said petition was in all respects in compliance with the provisions of the Statutes of the State of Kansas, and thereafter and on the 31st day of January 1924, the Board of County Commissioners passed a resolution designating the type of permanent improvement to be graded, the width to be 28 feet the number of annual assessments to be 15, which action of the Board was on the 8th day of January 1927 duly approved by the State Highway Commission, and :

WHEREAS, at said meeting of February 4th 1924 the Board of County Commissioners of Wyandotte County Kansas, fixed the 21st day of February 1924 at 2 P.M. as the time when said Board should meet and consider said petition at the office of the Board in the Court House in Kansas City Kansas and ordered that a notice of said meeting be given to the petitioners and all other persons interested therein by publishing said resolution in the Official County Paper at least ten days prior to the date of said meeting and each and every person owning property within the benefit district in said petition described be notified of said meeting by a notice thereof sent by United States mail, all of which was accordingly done as in said resolution directed; and

WHEREAS, thereafter and on the 21st day of February 1924 at 2 P. M. the Board of County Commissioners met as in said notices specified at their office in the Court house at Kansas City, for the purpose of hearing protests or objections regarding said improvement, and there being no protests or objections offered it was by said Board ordered and determined that said improvement be made as in said petition prayed and that said petition be granted and approved and that the improvements be made in accordance with the specifications and plans hereafter to be prepared by the County Engineer of Wyandotte County Kansas, said petition being found to be in due form of law and containing the signatures of more than 51% of the resident landowners owning more than 35% of the land within the benefit district; and

WHEREAS, the Board of County Commissioners had duly caused to be made an accurate survey of said road with a profile thereof and a map of the benefit district and plans and specifications for the improvement and estimates of the cost thereof, which survey, map, plans and specifications have been duly and legally approved by the State Highway Engineer and filed with the County Clerk of Wyandotte County Kansas; and

WHEREAS, the improvement of the Bonner-Piper road has been done by a contract awarded to E. A. Kepler on or about the 3rd day of July 1924; and

WHEREAS, State Aid has been promised and received in the amount of \$13,000.00; and WHEREAS, for the purpose of paying for said improvements over and above the amount received from State Aid, temporary notes of Wyandotte County have been issued under the provisions of Statutes 10-123 in order to provide the necessary funds to pay for partial and final estimates and other expenses of making said improvements under and in pursuance of a resolution passed by the Board of County Commissioners on October 23rd, 1924, said notes and interest computed thereon from the date of issue to the first day of June 1927 (which date is now here fixed as the time said notes are to be paid) aggregated the total sum of \$56,840.89 for which bonds are to be issued in the amount of \$56,800.00 and the sum of \$40.89 is to be paid out of the County General Road fund as shown by the following tabulation;

R E S O L U T I O N.

Whereas, it has come to the notice of the Board of County Commissioners of Wyandotte County Kansas that there is now and has been for some time many returns, summons, subpoenas, praecipes, and pleadings filed in the North City Court of Wyandotte County Kansas, and the work is so congested that many of said papers remain even unfiled and are unserved and not docketed, and investigation discloses that said court is without adequate and sufficient clerical help and without a sufficient number of Marshals to properly function and carry on said work, and

Whereas, investigation further disclosed that said excess or increase of business in said north city court is partially if not wholly due to the praiseworthy activities of Arthur J. Mellet, County Attorney of Wyandotte County in his drive against the Justice of Peace Courts which said activities have caused litigants, as was the intent of the law to file their pleadings in the City Court of Kansas City Kansas, especially in the 1st District, and

Whereas, it is further found that it is necessary and required that the Marshals of said City Court first district, in the discharge of their duties and obligations, must travel over large areas to make service of the various pleadings and papers, and are further obliged to hire or purchase automobiles in order to serve the various writs, summons etc, so issued out of said city courtland whereas it is found for the best interest of the community and in the furtherance and enforcement of the law, together with dispensing justice, the said deputy marshals are hereby awarded the sum of \$_____ per month as and for transportation money to secure automobiles, or automobile hire, to assist and be used in and about their workes as to facilitate in the proper and speedy execution of their duties, and

Whereas, it is further found that if litigants are to be properly served and public business properly expedited it will be necessary for the Board of County Commissioners of Wyandotte to employ a deputy clerk and deputy marshal, temporarily to relieve said court forthwith,

AND THEREFORE BE IT RESOLVED that a deputy clerk and deputy marshal be temporarily appointed to relieve the condition now existing and it is further that the deputy marshals be and they are hereby allowed the sum of _____ per month for transportation.

Only adopted this 8th day of June or Motion of Clarke seconded by Kramer, and carried by the unanimous vote of the Board.

The Board of County Commissioners.

Wyandotte County Kansas.

Gentlemen :

In a short time your Honorable body will be in your new palatial home. I have looked forward to this day for many months--the day when I might see Wyandotte County in its new million dollar court house. My hopes will barring delays soon be realized.

I have, for sometime, contemplated resigning as your counsellor, but have delayed so doing in that I desired to go with you, for a day, at least, into this wonderful structure, which reflects great credit upon your Honorable body.

I now, therefore, herewith tender you my resignation, effective upon your occupancy of the new Wyandotte County Court House.

I cannot part company with your honorable board without in all justice saying I have been greatly enjoyed my association with you. I have been benefitted as a lawyer in handling your litigations, however, my individual or private law practice needs my attention and I have decided to devote my entire time to it rather than indulge in public positions.

✓
Ref. 46

I Appreciate very much the recent appointment of the Board of Commissioners as County Counsellor for another three years, and in closing may I ~~###~~ say that I stand ever ready and willing to lend your Honorable Board and my successor, whomsoever he may be, any and all assistance, and I wish you one and all success and long tenure in office.

Respectfully,

J. H. Brady.

Motion carried all voting aye.

Motion by Clarke, seconded by Kramer, that Communication from engineer reference Joint bridge proposition with Johnson county be copied in Journal and County Engineer instr- to proceed as outlined in said communication.

Motion carried all voting aye.

Board of Commissioners.

Gentlemen :

In the matter of the bridge on County Line near Kinney Heights which is a joint proposition with Johnson County, it is now their desire that we handle this work instead of them handling it as ~~was~~ suggested at first.

In this connection I have decided that a suitable structure for this location is a double ten by ten, an approved plan for which we have in our files.

In addition to the structure itself it is the desire of Johnson county that the creek be straightened as a part of the contract calling for the removal of approximately 1500 cubic yards of grading .

I would therefore suggest that the County Clerk be instructed to advertise for bids to be taken August 11th, 1927.

I would further suggest that owing to the importance of this road that the present structure be temporarily repaired and that this work be turned over to my dept.

Yours very truly,

O. K. Williamson County Engineer.

Honorable Board of County Commissioners.

Kansas City, Kansas.

Gentlemen :

You have asked me with reference to the destruction or preservation of the official County Ballots used in the Fall election of 1924. Two contests were filed in connection with this election. One by Arthur J Mellott against Harry Hayward and one by Robert Eagle against Peter Kramer,

If either of these suits were pending, of course, you should preserve the ballots. The suit brought by Mr Mellott was dismissed shortly after it was filed. The one brought by Mr Eagle, it is my understanding that the contest Board ruled against his contentions and refused to open the ballots and also required the giving of a bond to secure the payment of costs. This bond was not given. It is my understanding that after the court made this ruling that Mr Eagle filed notice of Appeal.

Mr Eagle was represented in this matter by A. J. Herod, an attorney at law of this city. I called Mr Herod and he advised me that no bond on appeal had ever

been given and that it was now too late to hope to do anything with the contests.

I therefore respectfully advise you that it is my opinion that you may with safety destroy the ballots used in that election.

Respectfully yours,

Arthur J. Mellott. County Attorney.

Board of County Commissioners;

Gentlemen :

Upon request of persons interested, I have been asked for an opinion as to whether any or all of the provisors of Chapter 180 of the Legislative enactment of 1927 respecting City Courts, are presently in effect, and more particularly as to whether or not the present court officers are entitled to now recieve the increased pay as provide by Statute. I am adressing this communication to the Board because the questions involved are of like interest to the Board.

The act in question provides for, and relates to City Courts in cities of first class having now or hereafter acquiring a population of not less than 110,000 --and repeal certain sections of statutes heretofore existing. It applies immediately to Kansas City Kansas insofer as population is involved. Kansas City Kansas therefore became a judicial township upon publication of the act for all purposes specified, and the act began to function with respect to all administrative and jurisdictional matters not brought within the exceptions therein noted.

Section 1, of the act contains a limitation in the form of a proviso, as follows

"Provided, that this act shall not be construed to abolish any of the City Courts of Kansas City Kansas, now existing, or terminate the office of any officer thereof, prior to the 2nd day of January, 1929.

From the foregoing proviso it appears that it was the intention of the legislature not to disturb the city courts as they are now, now terminate the office of any officer then existing be fore a specified date designated as the 2nd day of January 1929.

Section 5 of the act provides;

"That at the general election in 1888, and each two years thereafter, two judges of such courts shall be elected by the qualified electors of said judicial township at large. Each Judge shall at the time of his election be a qualified voter of the township, and shall have had five years active experience in the practice of law, and shall hold his office for a term of two years, said first term beginning on the 2nd Monday in January 1889; and shall receive as full compensation for his services the sum of \$3000.00 per year, payable monthly, to be paid out of the County Treasury of the county in which said judicial township is located.

From the foregoing section last quoted, it clearly appears that the term of office of the two judges elected at the date specified, shall begin on the 2nd Monday in January 1889 and they shall receive as full compensation for their services, respectively, \$3000.00 per year.

Section 7 likewise provides for the election of a clerk of said court in like manner, from and time as the judges are to be elected, and contains a like provision as Section 5, respecting the beginning of the term of office and likewise the salary.

Section 8 provides in like manner, from and time for the election of a marshal of said court and fixes the beginning of his term of office, salary and likewise prescribes his duties and powers.

Section 10 requires the judges of the Board of County Commissioners to provide and furnish proper rooms in the Court House for the use of divisions one and two of the court-- but in a somewhat vague and uncertain way attempts to fix what shall be done with the 3rd division of the Court.

The position of the Legislature respecting the disposition of the third division of the court, can be determined only by implication--but from a consideration of the whole act it becomes clear that the Legislature intended that the third division of the court as then created should continue to function until the two judges should be elected at the general election in 1889, and until the term of the newly elected judges should begin, which is the second Monday in January 1889, and that pending such condition the board should provide and furnish division three with proper rooms within reasonable distance of the Court House.

It might well be the intention of the Legislature respecting the obligations attempted to be cast upon the Board of County Commissioners as to the housing of the Judge of Division three when that part of Section 10 is vague and uncertain and can only be made clear by reading into that part of section 10, certain words of language that apparently have been omitted therefrom.

Section 11, of the act is a general repealing section from which it appears that the Legislature intended that the present act (except as specially limited) should become operative within itself as to all matters embraced covered by the sections of the general statute, which were repealed.

Section 12, is a special repealing section wherein a definite limitation appears, which is: "Repealed, that in any act or which title and now applies, whose title and now in substance, said courts as now organized, shall continue to function, and the officers thereof shall perform the duties of their office as now provided by law, until the second Monday in January 1889." From the quoted last quoted, it at once becomes apparent that the three courts should continue to function as heretofore.

It having been determined by the act itself, that the officers of the court heretofore mentioned, are not to be elected until 1889, as it is difficult to reach a conclusion that it was the intent of the Legislature that an officer whose election is postponed until a future date should have a salary proffered by the act.

It is in construction therefore, that the increased salary fixed by the statute cannot be legally paid to the incumbents of the respective offices now existing.

To the Board of County Commissioners.

Gentlemen :

An opinion is requested regarding the right or authority of the Board to lease the old court house site and jail site under a long term contract.

Reference to the Statutory enactment under which the new site was acquired discloses that the Legislature anticipated that in event a new site should be acquired and a new court house built by the County, such county would have on its hands property owned and previously used for court house and jail purposes which it would be desirable to convert into cash in some manner. Therefore the Legislature provided in section 3 chapter 110 as follows :

Sec. 3 Upon the acquisition of a new court house site under the provisions of this act, after the erection thereon of a court house the Board of County Commissioners are empowered to sell the old site and buildings thereon, and if the Court huse constructed upon such new site shall embody a jail in connection therewith, then said Board of Courty Commissioners are likewise authorized and empowered to sell the site of the old jail and all buildings thereon without submitting the question of the sale of such property to the vote of the people.

In section 4 of the act it is provided for the sale of the old site at public verdue. The act also provides for the issuance of bonds for purchasing purposes, and for payment of such bonds and accruing interest by a general tax levy or from the proceeds of the sale of the original property or both such tax and sale.

While the right to purchase any property, and the right to so build a new Court house is not mandatory upon the Board, but permissive only, yet, when such right is exercised, and such bonds are issued, as has been done by the Board of Commissioners of Wyandotte County, the law makes it mandatory that the proceeds arising from the sale of the old site and buildings shall be applied to the payment of principal and interest of such bonds.

It seems conclusive therefore that the legislature, having anticipated the sale of the old property and having prescribed the manner of such sale and having directed the application of the funds derived from such sale- that any other method of disposing of the property, or the control of the Commissioners over the same would be in conflict with the spirit and intent of the Statute. Such being our conclusion, it is our opinion that leasing the property in question, as above indicated is not permissable.

J. E. McFadden. County Counsellor.

Board of County Commissioners.

Wyandotte County Kansas.

Gentlemen:

I am returning you herewith letter of Riverview State Bank under date of September 29th, 1927, requesting a withdrawal of a depository bond of the U. S. F. & G Company, in the amount of \$15,000.00 and the withdrawal of the depository bond of the Maryland Casualty Co in the sum of \$10,000.00, and tendering in lieu thereof a personal bond in the amount of \$250,000.00 and upon a statement of said bank in said letter that there will still remain on file depository bonds in the sum of \$167,500.00 as protection for the county funds in said bank, I am returning to you the personal bond referred to me with the accompanying letter, which bond is approved as to form.

I am advising you, that if in your judgement such personal bond is sufficient security for the amount named therein, and that in addition thereto there will still remain on file depository bonds in the sum of \$167,500.00, which together with the personal bond will protect the county against any loss that might accrue by reason of county deposits in said bank, that I can see no objection to your allowing at this time a withdrawal of the two bonds referred to in said letter.

Board of County Commissioners.

Gentlemen :-

Your body recently referred to me, a written proposal of Mr W. C. Rickel, whereby he proposes to undertake the collection of taxes now claimed to be delinquent from Kansas City, Missouri, for the years subsequent to 1921, on its water works property situated in Wyandotte County, Kansas, and in consideration of which Mr Rickel requests that your body enter into a contract of employment with him for the purposes expressed and that you agree to pay him for his services in that behalf, the sum of money equal to twenty five percent of the amount of taxes collected.

From the very nature of the conditions, as embodied in the proposal as well as the apparent reasons for delinquency, the matter as brought forth, opens up a subject of considerable importance, as well as requiring some research in order that a definite and proper conclusion may be reached.

It is a matter of common knowledge and public record, that the Kansas City, Mo Water Plant and the Kansas City Kansas Water & Light Plants are and have for many years been located side by side in Wyandotte County Kansas, each owning their respective individual and that for many years reciprocal exchanges beneficial to each have been indulged

in as emergencies or necessities would require, to such an extent that ultimately it was determined by both cities, that some definite, concrete understanding should be had, based upon reciprocal rights and advantages for future guidance.

In that situation and during the year 1921 a gentlemen agreement was reached between the two municipalities, and a contract drawn and agreed to, and submitted to and adopted by the legislatures of the States of Kansas and Missouri, in the form of a joint resolution by such bodies, containing among other things a recitation of exemptions from taxation of municipal properties located in foreign jurisdiction, which is as follows:

WHEREAS, for the protection of each city in the event of a breakdown in its plant a conflagration, epidemic, or other exigency, it is vitally important that its water plant have connection with and access to the facilities of the other; and it is, and has been in the past, of material benefit to each city that both contribute to a common fund in protecting the banks of the Missouri river in the vicinity of said plants and further upstream from breaking over and destroying the plants, or changing its course so as to leave the intake so far from the stream as to render it impossible to obtain an adequate flow of water therefrom; and

WHEREAS, The water plants of both cities are connected at various points so that they can, in the future as they have in the past, supply each other with water, thereby preserving the health and protecting the property of each; and

WHEREAS, the plant of the city of Kansas City, Missouri, is now, and will continue to be for a long period in the future, the only source of water supply for the city of Rosedale in Wyandotte County Kansas, and the maintenance of the supply is of vital importance to the health and property protection of the citizens of said municipality; and

WHEREAS, the contour of the territory of each city is such that to reach and serve certain districts it is necessary that a portion of the service mains and plants occupy or run thru the territory of the other State; and

WHEREAS, Kansas City, Missouri, is about to spend many millions of dollars in the betterment of its water plant in the immediate future, and the city of Kansas City, Kansas will invest in the future large sums in extending its plant; said extensions of each municipality necessitate large investments in the territory of the adjacent state, and to raise the funds for the purpose of making these investments it is vital to each city that each plant be free from assessment and taxation in the other state.

Now, therefore, by reason of the advantages accruing to the municipalities of each state and the inhabitants thereof hereinbefore recited, and other advantages not herein enumerated, the state of Kansas and Missouri hereby enter into the following compact and agreement:

(1) The state of Kansas, nor any county, township or municipality located within said state, or any official thereof shall ever assess, levy or collect any taxes, assessments or imposts of any kind or character whatsoever on the portion of the water works plant of the municipality of Kansas City, Missouri, now or hereafter located within the State of Kansas.

(2) The state of Missouri, nor any county, township or municipality located within said state, or any official thereof shall ever assess, levy or collect any taxes, assessments or taxes of any kind or character whatsoever on the portion of the water works plant of the municipality of Kansas City, Kansas, now or hereafter located within the territory of the State of Missouri.

The right of eminent domain for the purpose of acquiring property, rights and easements for a water works plant, including mains, water pipe lines or extensions, or any part thereof, in either state is hereby given and granted to each state and to Kansas

City, Kansas and Kansas City, Missouri, and may be exercised by Kansas City Kansas in the State of Missouri, and by Kansas City, Missouri in the State of Kansas.

To the faithful observance of this contract and agreement each state, by the adoption of this resolution, pledges its good faith.

This compact and agreement shall be in force and effect from and after its passage by the House and Senate, approved by the Governor of the State of Kansas, and publication in the Official State Paper, and its proper adoption and approval by the legislative and executive authority of the State of Missouri, and upon its receiving the consent of the Congress of the United States of America.

Subsequently and in 1922, the foregoing and joint resolution and compact was ratified by the Congress of the United States (42 U.S. Statutes) chapter 431 Page 1058. Subsequently in an opinion filed by the Supreme Court of Kansas on July 5th, 1924, (116 Kansas, page 615) wherein the question of legislative action on the resolution embodying the compact agreement, as to whether or not it was within the exercise of proper legislative function, as well as the subsequent ratification by the Congress of the United States, were before the court, and each was upheld.

In his proposal, Mr Rickel has not disclosed the method to be pursued by him in this attempt to collect the taxes in question, nor has he set forth the reason for his faith whereby he expects to be ultimately successful in his pursuit, if given an opportunity. It is certain, however, that to be successful, he must of necessity eliminate the legal effect of the compact agreement as it now stands ratified and approved.

The agreement itself rests upon the consideration expressed therein as well as upon the apparent necessity therefore, within the minds of the contracting parties. To the faithful observance of the agreement, each state by the adoption of the resolution by respective legislatures pledged its good faith.

In our investigation of the matter, it at once became of interest to know something of the causes leading up to the creation of the compact. An investigation aided by the data received thru the courtesies of the Superintendent and Chief Engineer of the Water and Light Department of Kansas City, Kansas, reveals the following in substance.

That on numerous occasions in the past, and for many years, the city of Kansas City Kansas has been materially aided in times of emergency by being furnished with substantial quantities of water by the Missouri plant without charge. That there are several points of physical connection between the Missouri water mains and the Kansas water mains; that at Quindaro, the Kansas Plant has been able to obtain from the Missouri flow line, in emergency approximately five million gallons of water per day, pumped with Kansas equipment thru the Kansas system; that high pressure connections exist at Central Ave and State Line, and at Pacific Street and State Line, available for use under emergency through eight and sixteen inch high pressure mains respectively; that there are various connections between the Missouri System and the Kansas distributing system in the Rosedale district. These connections are available at such times as the Kansas Supply of water is curtailed, due to cleaning out the Argentine reservoir, or other contingencies of operation which is the only present method of sustaining service in the Rosedale district when the Argentine reservoir is out of commission from any cause.

Many other physical conditions exist, which are not here set forth, but which should of necessity be taken into consideration in these connections which have been specifically referred to, when your body comes to determine the questions presented by Mr Rickel's offer, and when you come to consider the possible contingent results due to retaliatory measures, if resorted to, in the event the compact should be broken.

The proposal made, brings into the consideration also, of the authority of the Board of County Commissioners, to enter into the requested contract, if made.

It is common knowledge, as well as a provision of law, that all taxes collected thru the medium of the County, are at stated periods required to be disbursed to the various govern

-mental subdivisions, such as the city, school districts, state, townships, and drainage districts, and that eventually the county only retains that portion of such taxes as required by law. Hence, it is apparent that the county could not legally make a contract for the collections of the portions belonging to the various sub-divisions referred to, and bind itself to pay a percentage out of such collections, insofar as the amount to be paid bore relation to the amount each subdivision would be entitled to, without express authority from each subdivision to do so.

The statutes relating to taxation, prescribe a complete system of procedure for discovering and listing property for taxation, and assigns the several steps in the system, and procedure to designated officers of the township and state. It imposes upon certain officers the very duties, which by the proposed employment the commissioners are asked to delegate that statutory duty. This cannot be done. In other words, more plainly expressed, it is beyond the power of the Board of Commissioners to enter into the contract suggested, Should the commissioners act favorably upon the request such act would be ultra-vires, and against public policy. The contract itself, if made, could not be enforced by Mr Rickel even for a recovery for services performed under it, on a quantum meruit. Any taxpayer on the relation of the Attorney-general acting for the state, could successfully restrain the collection of any amount agreed upon to be paid.

What I have said in this opinion, only deals with the question as is at present reflected by the facts now existing, and the rules of law applicable thereto. It is not intended as determinable of future rights that might accrue under changed conditions.

Respectfully submitted,

J. E. McFadden, County Counsellor.

Motion by Clarke, seconded by Kramer, that communication from County Counsellor with reference to claims for Free tuition be copied in full on the Journal.

Motion carried.

Board of County Commissioners of
Wyandotte County Kansas.

Gentlemen :

You have heretofore referred to the legal department certain claims for free High School tuition presented by Johnson County Kansas for payment.

The Statute provides;

" That tuition shall be free in all high schools to pupils residing in the County where high schools are located.....Provided, that whenever a community is remote from or is not convenient of access to a high school already in operation and there is not a sufficient number of pupils of high school advancement in such community to organize and maintain another high school the Board of County Commissioners shall on recommendation of the County Superintendent of Public Instruction pay the tuition not exceeding \$2.00 per week or fraction thereof, for such pupil of high school advancement in the most convenient high school to such community, but within the county or the county adjacent thereto."

The Statute also provides that such tuition shall be paid from the general fund of the county where such pupil resides.

The claims for tuition which have been presented for allowance and payment by this board are made upon the basis of \$3.00 per week for each pupil so attending and the amount so claimed is based upon the provisions of Chapter 275 of the laws of 1927.

It is our opinion that this law is unconstitutional because in violation of Article 2 Section 17 OF THE Constitution in that it is an attempt to amend the present laws relating to tuition in high schools without setting forth the entire body of act sought to be amended.

We recommend therefore, that upon recommendation from the County Superintendent that the pupils for whom tuition is claimed reside in a community remote from or not of convenient access to a high school already in operation and that there is not sufficient number of pupils of such high school advancement in such community to organize and maintain another high school that then these claims shall be allowed and be paid at the rate of \$2.00 per pupil so attending per week.

Respectfully Submitted,

J. E. McFadden County Counsellor.

Motion by Clarke, seconded by Kramer, that having been found sufficient (the petition) that the Reidy Road be declared to be of public Utility.

Motion carried all voting aye.

There being no further business the Board adjourned.

Attest William Bezzo County Clerk.

[Signature] Chairman.

Board of County Commissioners.

Wyandotte County, Kansas.

Gentlemen:-

I am returning to you herewith, the claim filed by the Missouri Boiler Works in the sum of \$362.50 accruing from personal property tax paid in the years 1924 and 1925, in which it is claimed originated on property thought to be located in the Kaw Valley Drainage District but which it is claimed was not so located, and therefore, that the assessment, the tax levy, and the payment thereof was illegal and void.

I find no authority on which the Board can legally allow this claim, and the only medium thru which the legality of the claim may be determined is by court action

Very truly yours,

J. E. McFadden.

County Counsellor.

Whereas, The Stockmans Cattle Loan Company of Kansas City Mo. a corporation, Kate M. Williams, Jas. H. Williams, Fred G McDonald and Wm Humphrey, have brought a suit in the District Court of Wyandotte County, Kansas to enjoin the Board of County Commissioners of Wyandotte County from noting or extending any delinquent taxes against lots 1 to 6 both inclusive in W. A. Bunkers Sub-division, an addition in and now a part of Kansas City Kansas as per recorded plat, they alleging in their petition that the tax rolls of Wyandotte County did not disclose any delinquent taxes at the time the property was sold to them and that therefore no legal obligation exists for the payment of such tax by them and that by reason of the failure of the County officials to extend said property on the tax rolls and show same as delinquent, that Wyandotte County has lost its lien against the said property for said taxes; and

WHEREAS, said plaintiffs notwithstanding said claims on their part are ready, willing and able to pay one-half of the taxes in controversy alleged to have been assessed for the year 1921, the whole of which tax amounts to \$431.10.

NOW THEREFORE be it resolved, by the Board of County Commissioners of Wyandotte County Kansas, that Arthur J. Mellott County Attorney, be and he is hereby authorized to accept such sum or sums in the said suit as he may deem proper.

Carried all voting aye.

No further business appearing the Board adjourned.

Attest William Beys County Clerk.

Arthur J. Mellott Chairman.

Motion carried all voting aye.

Board of County Commissioners.

Gentlemen :-

Under date of November 10th, 1926, it appears that Mary Smith attempted to pay taxes on lots 33-34 Bl 145 Wyandotte City. The Clerk in handling this matter evidently made an error in making out the receipt and the amount extended toward the taxes due the figures used were the amount of taxes due for lots 3-4 Block 145. \$41.84 and the correct amount on lots 33-34 should have been \$35.72.

In posting this to the tax rolls the credit was given on lots 3-4 instead of 33-34.

We would therefore recommend that an order be issued authorizing us to transfer the credit from lots 3 and 4 to 33 and 34 and that the penalties extended as against 33-34 be cancelled and the proper penalties assessed against lots 3 and 4.

Respectfully submitted,

W. G. Bird County Treas. By E. H. Browne.

Dear Sir :

I am directed by the Board of County Commissioners to return to your office certain specifications to complete your records.

I have carefully checked each item of these specifications with the blue prints of the Samuel Dodsworth Co. who were to install these articles.

I personally supervised the unpacking of each article, and found no defective parts and all items accounted for . I also inspected the installation of all articles in their proper places and find that the workmanship of the Dodsworth Company is up to the Standard.

My report is that in my judgement the Dodsworth Company has complied with the specifications set forth by the County Commissioners and the delivery of all articles and the installation thereof are complete and satisfactory as per specifications.

Respectfully submitted,

Kirk Prather, Custodian.

Motion by Clarke, seconded by Kramer, that communication from County Counsellor with reference to the assessment of the Murtz Drive-it Yourself Co be received and copied in full on the Journal :

Board of County Commissioners
of Wyandotte County, Kansas.

Gentlemen :-

In regard to the Murtz Investment Stations tax matter, the admitted facts seem to be that on March 15th, 1927, the Murtz people opened up a place of business at 842 Minnesota Ave, That some time after that date they listed for assessment over the signature of Mr H. B. Orear, ten motor cars, and gave them a total valuation of \$5000.00.

It now appears from statements made to the Board that five or six of these motor cars have been transferred to Missouri, and a request is made that the valuation for taxable purposes be reduced accordingly.

In support of this request, we are cited to Section 79-314 of the Statutes, which provides;

"When any personal real property shall be located in any county in this State after the first day of March of any year, which shall acquire an actual situs therein before the first day of September such property is taxable therein for that year, and shall be assessed and placed on the tax roll and the tax collected as provided by this act."

Under the admitted facts, the property listed for taxation did acquire an actual situs in Wyandotte County prior to September 1st, 1927 and therefore became subject to taxation, just as effectually as though a situs had been acquired prior to the 1st day of March.

The request for reduction should be refused.

Very truly yours,

J. E. McFadden, County Counsellor.
